“United we stand, divided we fall.”

This saying has been with us for generations. Only when we unite in spirit, can we truly cope with the challenges we face. With all of us together we have and will make one heck of a difference in this world!

People all around the globe strive for the very same, big goal: **HAPPINESS**. Everyone of us wants to be happy, but many don't even know how. It is something we all need: The ability to be happy, to have **FUN**, to be able to embrace our passions and to achieve our dreams and desires. To live a fuller life and leave others happy on our way. No other creature on this earth has our innate ability to **CREATE**. We have such magnificent potential that just lies dormant in so many of us.

The **Army of Toy Soldiers** recognises that potential in all of us. We can create entire worlds in our minds, come up with ideas that have never been thought before, and build the world those new ideas describe. We can achieve the ability to manifest them into reality. We, as a community, strive to nurture passion and talent in everyone. We fight boredom, sadness and

loneliness and tear down the walls that separate us from each other with fun and inventiveness. Toy Soldiers around the entire globe are using their talents and imagination for the good cause. We create art, music, inventions; things of all shapes, colours and sizes. We organise charity events and get together for invasions to spread the fun and passion everywhere. Together, we can make happiness a reality for everyone!

Toy Soldiers Unite is where we gather to share dreams, thoughts and ideas, and help others to fulfil that fantastic potential that slumbers in all of us. We are an army, a community, and a movement that has spread world wide and still continues to grow!

Join us today and be part of a community that creates a better world for ourselves and those around us. Help us, not to take over the world, but to **MAKE OVER THE WORLD** and to create a Utopian Playland! Help us create a place where every single person can say - with all honesty and sincerity - that they are happy.

And HAVE FUN!
